(CRANIUM) Furniture, Inc. launched online in June 2007. Our company focus is European, modern “Italian” style type furniture with a contemporary appeal. Each order is custom crafted and artistically designed meeting our customer’s needs and specifications. We offer an infinite choice of finishes from a painted acrylic to metal to even a stone-like finish. We are your one stop shop for all your custom round bed needs. Each piece of furniture is hand made in the USA with superior state-of-the- art craftsmanship and computer controlled machinery to insure each piece is made efficiently and with the highest quality materials available. In 2009 Cranium introduced the Movamento, our first rotating round bed. Our high end quality custom furniture is not available in stores! Cranium launched their first e-commerce website in September 2009 and is working on rebranding the company image by January 2010.

(CRANIUM) Furniture, Inc. offers several collections of round and platform beds available as well as a wide selection of complementary accent pieces. We are your one stop shop for all round bed and standard bed accessories including custom mattresses, comforters, bed skirts, duvet covers and a wide range of linen selections. Need a sample of fabric? Curious on how smooth the furniture will feel with the acrylic color finish? Want to know what colors to choose from for your custom order? Ask our friendly furniture consultant about our “sample bundle” available before you place your order. We pride ourselves on customer service so please let us know what we can do for you and we will make it happen. Design your own custom one of a kind furniture piece with us.

Our round bed featured in many articles including the L.A. Times as well as on **ABC’s Extreme Makeover: Home Edition – Season 4 – Episode 502** : featuring the Sercio Round Bed Collection.

MATTRESSES

All (CRANIUM) Furniture mattresses are custom made by hand in the U.S.A. Mattress pricing listed is ONLY for ROUND BED MATTRESSES. If you would like a standard bed mattress quote please contact us at sales@craniumfurniture.com. We offer a wide selection of Mattresses but if you don't see what you want TELL US and we can make it for you! Please note that pricing can change without notice. Due to the nature of the customization of our mattresses, we do not accept returns or exchanges. Please refer to our return policy online at www.craniumfurniture.com for more information.

JOSEFINA "NATURAL" BLENDED 75/20 MATTRESS

M-BB-010

INNERSPRING

This 10" Depth Mattress features high quality Bonnell Innerspring. Various combinations of filling materials create a spectrum of firmness ranging from soft to orthopedic extra firm. This type of inner spring unit allows us to fabricate custom size units at our factory to your exact specifications. Each mattress is hand tufted with natural fibers and leaves the finish buttonless not to interfere with the relaxation level of your sleep. The tufting system keeps these loose fibers stationary, so there will be no bunching or shifting.

In each mattress we use cotton and wool (natural fibers). Cotton breathes, making it warm in the winter, and cool in the summer. It has a longer life than poly foam used in most "mass produced" mattresses. Wool adds to the comfort, giving it that "added bounce" without compromising firmness

GENERAL SPECIFICATIONS:

- **Firmness:** Medium - Firm
- **Depth:** 10"

INNERSPRING:

- Unit 312 6Border Wire 13 Gauge Flexolator (prevents filling material pocketing into the coil)
- 7/8 Cotton Felt Pad Layer of Cotton
- Layer of Dacron
- Dacron type flame retardant material quilted to 100% Cotton Beige Fabric
- Patented hand tufting system

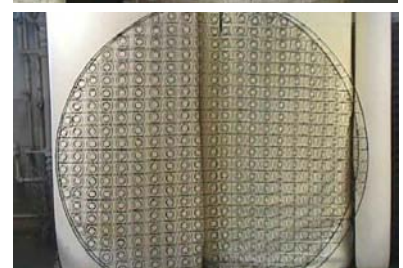

TUFT:

- Buttonless
- 100% cotton covers
- 100% wool Layer

ALEXA ALL COTTON MATTRESS

M-RP-015

Our traditional hand tufted mattress, hand tufted mattress is orthopedic firm in its support, and is considered our firmest mattress when used without one of our 3", 4" or 5" pillowtop mattress toppers.

- This **All Cotton Mattress** features our double heat tempered, Royalex 704i Innerspring System designed in Switzerland. The innerspring unit contains 85% more coils than is standard. The coils in the mattress are open ended, unknotted, six turn coils providing more flexibility, which means greater sensitivity to body contours, overall body support and relaxation.
- Our skilled craftsmen hand layer the staple cotton padding on each side of the innerspring unit to ensure a consistent, supportive sleeping surface. Over 50 pounds of pre-compressed staple cotton go into making a king size Alexa All Cotton Mattress! No polyurethane foam padding is in the mattress, so you have lasting support for your body and a healthier sleeping environment.
- The inner cotton padding is encased in our luxurious Belgian 100% cotton ticking, which ventilates body heat. Unlike polyester fabrics found on many brands of mattresses, our cotton ticking is non slippery, keeping the pillowtop toppers in place to help prevent shifting.
- The mattress is hand tufted the old fashioned way with European tufting straps to further pre-compress the cotton padding for orthopedic back support. We do not use buttons to tuft our mattresses because buttons have a tendency to turn on their side creating an uncomfortable sleeping surface.
- T-Spring Side Supports are installed around the perimeter of the spring system to provide edge firmness and support.

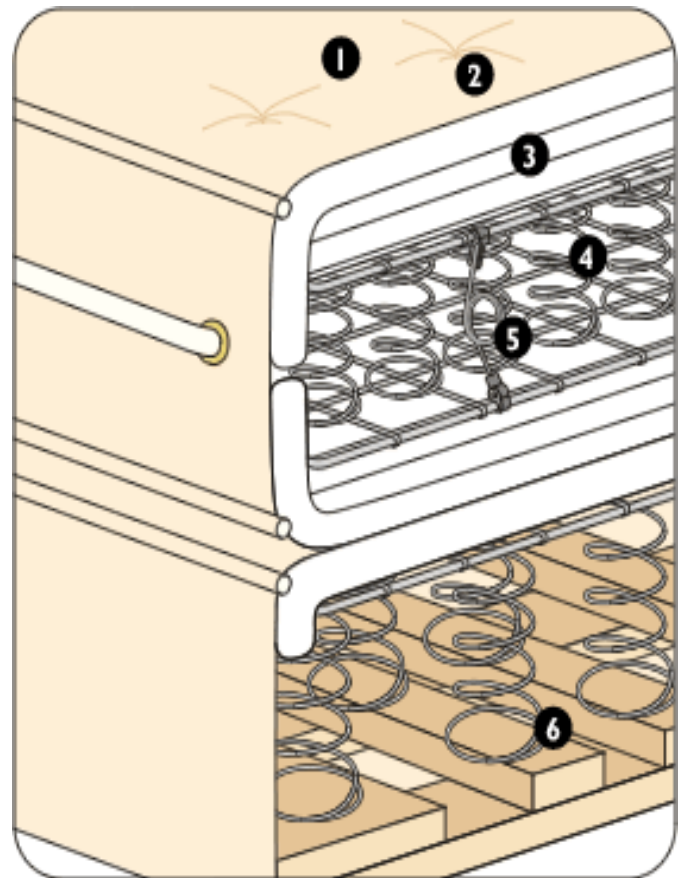

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

The mattress is approximately 8" – 8 ½" thick. The overall mattress height to the floor on our 8" thick box spring, and 7" metal frame is about 23" - 23 1/2" (optional pillowtop mattress toppers will increase overall height).

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. Belgian Cotton Ticking ventilates body heat and provides luxurious feel.
2. Hand tufting with European tufting straps the old-fashioned way to pre-compress the cotton padding for improved orthopedic back support and to minimize body impressions. No buttons to dig into your ribs, or pop off causing the padding to shift and lump up.
3. Generous layers of staple cotton padding are healthy, firm and long lasting. No polyurethane foam, so durability is greatly improved, and cotton does not emit the petrochemical vapors contained in polyurethane foam that can adversely affect sensitive people.
4. Swiss designed, high coil count Royalex 704i Innerspring System provides excellent support and increased sensitivity to body contours.
5. T-Spring Side Supports reinforce the sides of the mattress for edge to edge sleeping comfort and support.
6. Double Diamond Box Spring provides extra durable, 8 3/4 gauge box spring wiring with 22% more coils than an average "good quality" box spring, and with 50% more coils in the center-third where it's needed most. Heavy Duty, 5 Star Hotel Grade Wide Slat Wood Frame for durability and support.

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

CONSTANCIA PILLOWTOP MATTRESS

M-RP-016

For a truly luxurious night's sleep, the **Constancia Pillowtop Mattress** offers firm support, yet with a plush surface feel with its attached pillowtop toppers. When comparing firmness of our two pillowtop mattress models, the **Constancia Pillowtop Mattress** is our firmer pillowtop version, and our **Jacqueline Cloud Pillowtop Mattress** is our plusher, more "cloud-like" version.

- This pillowtop mattress features our double heat tempered, Royalex 704i Innerspring System designed in Switzerland. The innerspring unit contains 85% more coils than is standard. The coils in the mattress are open ended, unknotted, six turn coils providing more flexibility, which means greater sensitivity to body contours, overall body support and relaxation.
- Our skilled craftsmen hand layer the staple cotton padding on each side of the innerspring unit to ensure a consistent, supportive sleeping surface. Over 50 pounds of pre-compressed staple cotton go into making a king size Constancia Pillowtop Mattress! No polyurethane foam padding layers are in the mattress so you have lasting support for your body and a healthier sleeping environment.
- The inner cotton padding is encased in 100% cotton fabric, and inner tufted by hand with European tufting straps to further pre-compress the cotton padding for orthopedic back support.
- The pillowtop portions are sewn into each side of the mattress. The Belgian 100% cotton covering is quilted with layers our chemical free, French wool followed by hypo-allergenic comfort fill for an added plush feel, and supported by a layer of top quality natural latex for added cushioning and pressure point relief.
- T-Spring Side Supports are installed around the perimeter of the spring system to provide edge firmness and support.

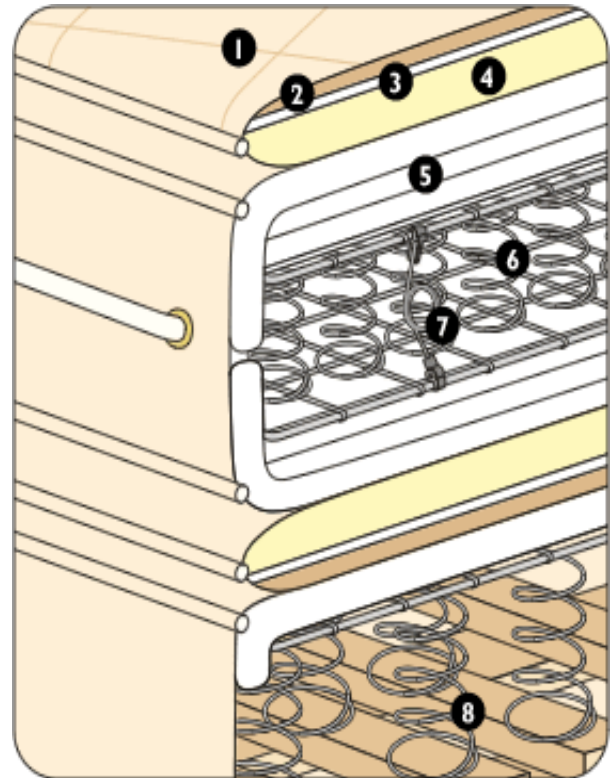

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

The mattress is approximately 13 1/2" - 14" thick, and overall mattress height to the floor on our 8" thick box spring and a 7" metal frame is about 28 1/2" - 29" (optional custom 6" box spring(s), or 3" to 5" thick foundations are available upon request if a lower height is desired).

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. Belgian Cotton Ticking ventilates body heat and provides luxurious feel.
2. Chemical free, French wool naturally provides ventilation and surface cushioning. Lamb's wool contains lanolin, which is a natural dust mite repellent. No synthetic dust mite allergy covers are needed.
3. Cushion of odorless and hypoallergenic Comfort Fil 7 polyester fiber padding for extra softness and comfort.
4. Layering of natural latex for added cushioning and comfort. Unlike other brands, who use layers of polyurethane foam in their pillowtop mattress construction, we do not use any polyurethane foam in the mattress, so you have far better durability against body impressions, and much healthier material to sleep on by not breathing the vapors the emit from the polyurethane foam.
5. Generous layers of staple cotton padding are hand tufted for orthopedic internal mattress support. No polyurethane foam, so durability is greatly improved, and cotton does not emit the petrochemical vapors contained in polyurethane foam that can adversely affect sensitive people.
6. Swiss designed, high coil count Royalex Innerspring +System provides excellent support and increased sensitivity to body contours.
7. T-Spring Side Supports reinforce the sides of the mattress for edge to edge sleeping comfort and support.
8. Double Diamond Box Spring provides extra durable, 8 $\frac{3}{4}$ gauge box spring wiring with 22% more coils than an average "good quality" box spring, and with 50% more coils in the center-third where it's needed most. Heavy Duty, 5 Star Hotel Grade Wide Slat Wood Frame for durability and support.

JACQUELINE CLOUD PILLOWTOP MATTRESS

M-RP-017

This is our top-of-the-line, **most plush pillowtop innerspring mattress**. With nearly three times more natural latex cushioning than our Constancia Pillowtop Mattress, this mattress offers an even more luxurious and "cloud like" feel for soothing comfort to shoulders and hips, while still maintaining mattress support. You deserve to be this pampered...

- The **Jacqueline Cloud Pillowtop Mattress** features our double heat tempered, Royalex 704i Innerspring System designed in Switzerland. The innerspring unit contains 85% more coils than is standard. The coils in the mattress are open ended, unknotted, six turn coils providing more flexibility, which means greater sensitivity to body contours, overall body support and relaxation.
- Our skilled craftsmen hand layer the pristine, California grown, staple cotton padding on each side of the innerspring unit to ensure a consistent, supportive sleeping surface followed by a layer of Talalay natural latex for added comfort.
- The inner cotton padding and latex layering is encased in durable cotton fabric and inner tufted by hand with European tufting straps to further pre-compress the padding for orthopedic back support, and to help minimize body imprints.
- The attached boxed style construction pillowtop pads feature our luxurious, and breathable, Belgian 100% cotton covering quilted with layers of our chemical free, French wool followed by hypo-allergenic comfort fill for an added plush surface feel, and supported by an extra thick layer of top quality Talalay natural latex for extra cushioning and pressure point relief.
- T-Spring Side Supports are installed around the perimeter of the spring system to provide edge firmness and support.

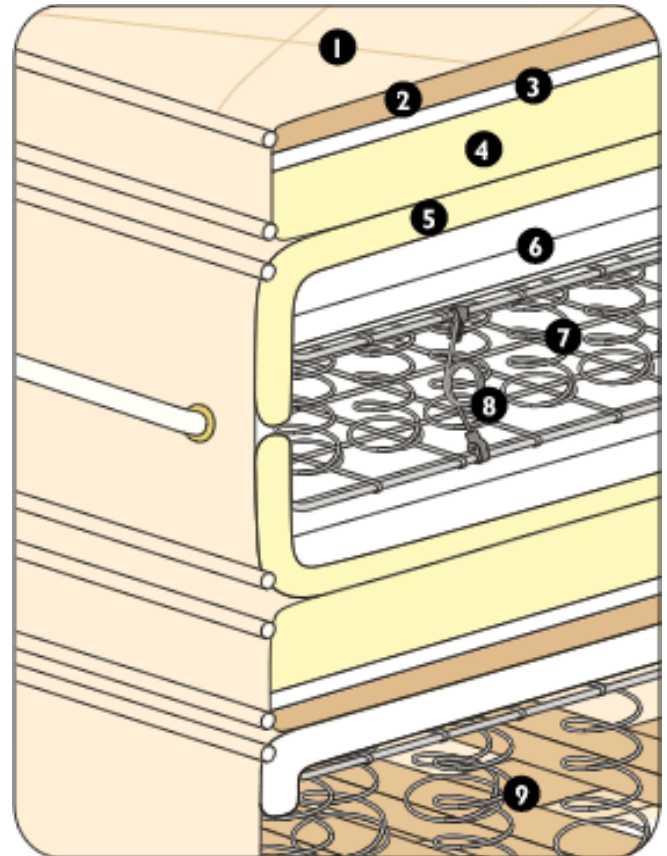

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

The mattress is approximately 15.5" thick, and overall mattress height to the floor on our 8" thick box spring and a 7" metal frame is about 30.5" (optional custom 6" box spring(s), or 3" to 5" thick foundations are available upon request if a lower height is desired).

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. Attached boxed style construction pillowtop
2. Belgian Cotton Ticking ventilates body heat and provides luxurious feel.
3. Chemical Free, French wool naturally provides additional ventilation and surface cushioning. Lamb's wool contains lanolin, which is a natural dust mite repellent. No synthetic dust mite allergy covers are needed.
4. Cushion of odorless and hypoallergenic Comfort Fil 7 polyester fiber padding for resiliency and extra comfort.
5. Ultra-thick layer of natural latex for incredible cushioning and luxurious comfort. Not polyurethane foam, so you have far better durability against body impressions, and much healthier material to sleep on by avoiding the toxic vapors that emit from the polyurethane foam.
6. Generous layers of staple cotton padding are hand tufted for orthopedic internal mattress support. No polyurethane foam, so durability is greatly improved, and cotton does not emit the petrochemical vapors contained in polyurethane foam that can adversely affect sensitive people.
7. Swiss designed, high coil count Royalex Innerspring System provides excellent support and increased sensitivity to body contours.
8. T-Spring Side Supports reinforce the sides of the mattress for edge to edge sleeping comfort and support.
9. Double Diamond Box Spring provides extra durable, 8 3/4 gauge box spring wiring with 22% more coils than an average "good quality" box spring, and with 50% more coils in the center-third where it's needed most. Heavy Duty, 5 Star Hotel Grade Wide Slat Wood Frame for durability and support.

CHRISTINA LATEX QUILT-TOP MATTRESS

M-RP-018

Your body will thank you for choosing one of our 7-Zone natural latex mattresses, which combine shoulder and hip flexibility with correct support for the lower back. The **Christina Latex Quilt-Top Mattress** is our plusher 7-Zone latex version. The surface of the mattress is quilted, rather than tufted – so the latex is in a more relaxed and supple state. Our optional 3” thick **Capucine III Pillowtop Topper** provides extra cushioning for an even softer and cozier feel. The firmness rating becomes a 5, meaning the softest range of choice in our line when the mattress is used with the **Capucine III Pillowtop Topper**.

While this mattress is quite excellent on our box springs, **it is also the mattress of choice for platform beds**. Even on a firm platform surface, the inherent flexibility of the latex allows the mattress to contour to the body’s natural curves.

- The mattress features our 7-Zone, Talalay natural latex core, which was designed based upon sleep studies at the Kirshgartenclinik in Basel, Switzerland by Swiss researcher and sleep specialist, Dr. Dietrich Scheider-Helmert. The 7-Zone design was found to provide optimal sleeping comfort and ergonomic support to all parts of the body.
- The 7-Zone natural latex core is contained in our breathable and soft, Belgian 100% cotton covering that is quilted with layers of chemical free, French wool followed by Comfort Fill for added cushioning and comfort.

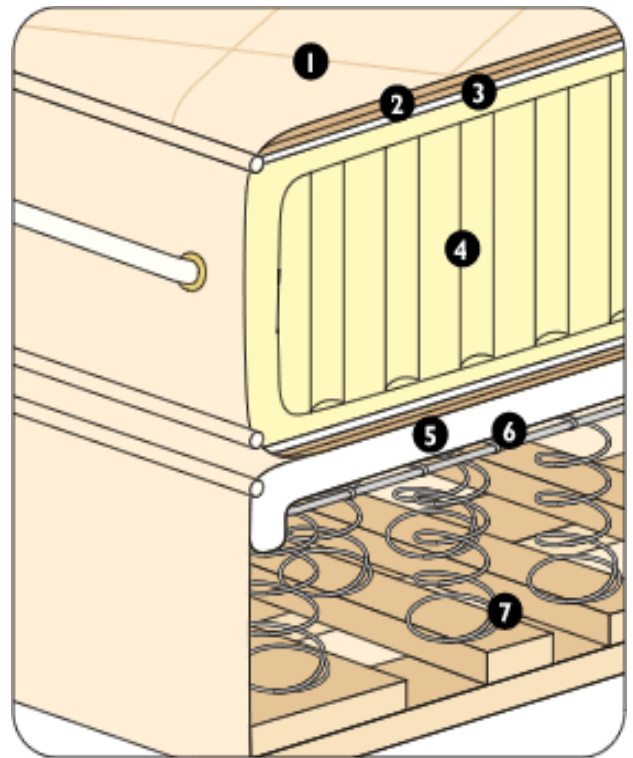

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

The mattress is approximately 9"-9.5" thick, and overall mattress height to the floor on our 8" thick box spring and a 7" metal frame is about 24"-24.5". (Optional pillowtop topper will increase overall height)

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. Belgian Cotton Ticking ventilates body heat and provides luxurious feel.
2. Chemical free, French Wool naturally provides additional ventilation and surface cushioning. Lamb's wool contains lanolin, which is a natural dust mite repellent. No synthetic dust mite allergy covers are needed.
3. Cushion of odorless and hypoallergenic Comfort Fill 7 polyester fiber padding for resiliency and extra comfort.
4. Ergonomically designed, 7-ZONE natural latex mattress core combines shoulder and hip flexibility for pressure point relief and comfort with firmer support for the lower back.
5. Staple Cotton Padding provides a layer of natural cushioning on top of the box spring coils for extended mattress life, rather than mattress resting on bare box spring coils with only a thin insulator pad.
6. Odorless and hypoallergenic insulator pad prevents cotton padding from pocketing into the box spring coils.
7. Double Diamond Box Spring provides extra durable, 8 3/4 gauge box spring wiring with 22% more coils than an average "good quality" box spring, and with 50% more coils in the center-third where it's needed most. Heavy duty, 5 Star Hotel Grade Wide Slat Wood Frame for durability and support.

DIOR LATEX MATTRESS

M-RP-019

The **Dior Latex Mattress** is our firmest mattress from the 7-Zone latex chart. It features the same European designed, 7-Zone Talalay natural latex mattress core as the Christina Latex Quilt-Top Mattress. In the Dior Latex Mattress, the 7-Zone latex core is wrapped in layers of California grown, staple cotton padding and contained in our breathable and soft, Belgian 100% cotton covering. Our craftsmen hand tuft the mattress with European tufting straps to pre-compress the layers of staple cotton padding to minimize body imprint, prevent shifting of materials, and provide extra support.

- The 7-Zone natural latex core was designed, based upon sleep studies at the Kirschgartenclinic in Basil, Switzerland by Swiss researcher and sleep specialist, Dr. Dietrich Scheneider-Helmert. The 7-Zone design was found to provide optimal sleeping comfort and ergonomic support to all parts of the body.
- Our optional 3" thick Capucine III Pillowtop Topper provides extra cushioning for a softer and cozier feel, while still achieving the benefits of the zoning of the mattress. The firmness rating is a 4 when the Latex Mattress is used with the Capucine III Pillowtop Topper.

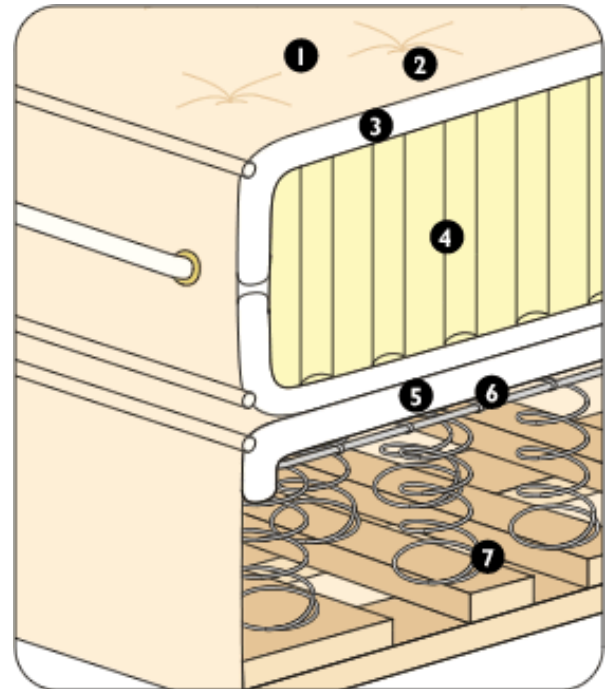

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

The mattress is approximately 8" thick, and overall mattress height to the floor on our 8" thick box spring and a 7" metal frame is about 23". (optional pillowtop toppers will increase overall height)

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. Belgian Cotton Ticking ventilates body heat and provides luxurious feel.
2. Hand Tufting with European Tufting Straps pre-compresses the cotton padding for orthopedic back support and to minimize body impressions. No buttons to pop off, or digging into ribs.
3. Layers of pre-compressed, Staple Cotton Padding for extra cushioning.
4. Ergonomically designed, 7-ZONE natural latex mattress core combines shoulder and hip flexibility for pressure point relief and comfort with firmer support for the lower back.
5. Staple Cotton Padding provides a layer of natural cushioning on top of the box spring coils for extended mattress life, rather than mattress resting on bare box spring coils with only a thin insulator pad.
6. Odorless and hypoallergenic insulator pad prevents cotton padding from pocketing into the box spring coils.
7. Double Diamond Box Spring provides extra durable, 8 3/4 gauge box spring wiring with 22% more coils than an average "good quality" box spring, and with 50% more coils in the center-third where it's needed most. Heavy duty, 5 Star Hotel Grade Wide Slat Wood Frame for durability and support.

OLYMPIA PREMIER ORGANIC COTTON MATTRESS WITH WOOL WRAP M-RP-020

This version of our Premier Organic Cotton Mattress includes our chemical free, French Wool wrap and layering of organic cotton. The French Wool is directly underneath the covering to provide a natural fire barrier to the inner organic cotton layers to pass the Federal laws. It is our most popular hand tufted organic innerspring mattress construction, and offers firm, orthopedic support. (Optional organic pillowtop toppers will provide a plusher feel).

- Features our double heat tempered, Royalex 760i Innerspring System designed in Switzerland. The innerspring unit contains double the amount of coils compared to the industry standard. The coils in the mattress are open ended, unknotted, six turn coils providing more flexibility, which means greater sensitivity to body contours, overall body support and relaxation. T-Spring side supports are installed around the perimeter of the spring system to provide edge firmness and support.
- Our skilled craftsmen hand layer the organic staple cotton padding on each side of the innerspring unit to ensure a consistent, supportive sleeping surface. No polyurethane foam padding is in the mattress, so you have lasting support for your body and a healthier sleeping environment.
- The layers of organic cotton padding are supported by our heavy duty, 10oz. 100% organic cotton canvas fabric to prevent the cotton from pocketing into the coils. In comparison, many brands of mattresses use a support pad that is comprised of ground up scraps of various synthetic scraps of materials that are glued to a nylon webbed backing.
- The layers of organic cotton are surrounded by layering of our chemical free French Wool directly underneath the organic cotton covering to provide a naturally resistant fire barrier to meet Federal and State codes without the use of toxic chemicals. Provides resistance to dust mites, dissipates moisture, and helps keep mattress surface temperature comfortable with its natural temperature stabilizing properties.
- The inner organic cotton padding and chemical free French Wool is encased in our luxurious 100% organic cotton ticking woven in Germany, which ventilates body heat, is free of chemicals, and has a sateen smooth feel, rather than a canvas like feel. In contrast, most brands of mattresses use shiny polyester fabrics that contain chemical flame retardant.
- The mattress is hand tufted the old fashioned way. We do not use buttons to tuft our mattresses because buttons have a tendency to turn on their side creating an uncomfortable sleeping surface.

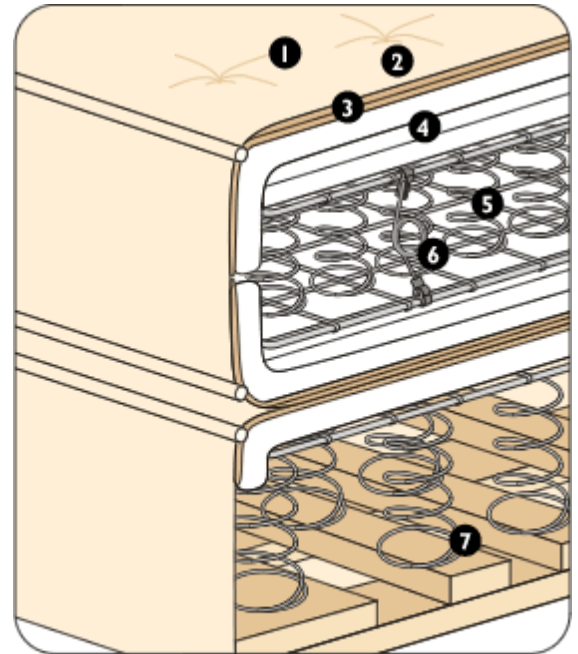

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

Overall mattress height to the floor is approximately 23" with our 8½" mattress, 7¼" thick box spring, and 7" metal frame. (Optional pillowtop toppers will increase overall height).

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. Luxurious German woven organic cotton ticking ventilates body heat and provides luxurious feel.
2. Hand tufting with European tufting straps the old-fashioned way to pre-compress the organic cotton padding for improved orthopedic back support and to minimize body impressions. No buttons to dig into your ribs, or pop off causing the padding to shift and lump up.
3. Chemical free, French wool wrap provides a natural fire barrier, wicks away moisture, is dust mite resistant, and provides an even surface climate for dissipation of body heat.
4. Generous layers of organic staple cotton padding are healthy, firm and long lasting. No polyurethane foam, so durability is greatly improved. Organic cotton is free of flame retardants and fertilizers, and does not emit the petrochemical vapors contained in polyurethane foam that can adversely affect a person's health.
5. Swiss designed, high coil count Royalex 760i Innerspring System provides excellent support and increased sensitivity to body contours.
6. T-Spring Side Supports reinforce the sides of the mattress for edge to edge sleeping comfort and support.
7. Double Diamond Box Spring provides extra durable, 8 3/4 gauge box spring wiring with 22% more coils than an average "good quality" box spring, and with 50% more coils in the center-third where it's needed most. And features our heavy duty, 5 Star Hotel Grade Wide Slat Wood Frame for durability and support.

Doctor's note from an M.D. or D.C. is NOT required for this organic model because it contains our French Wool Wrap, which naturally provides a fire barrier to pass Federal standards.

PIERETTA PREMIER CLOUD ORGANIC PILLOWTOP MATTRESS

M-RP-021

This is our top-of-the-line, **most plush organic pillowtop innerspring mattress**. It offers world class comfort with its attached pillowtop toppers sewn in on both the top and bottom of the mattress, while avoiding the use of unhealthy chemically treated materials. You deserve to be this pampered...

- Features our double heat tempered, Royalex 760i Innerspring System designed in Switzerland. The innerspring unit contains double the amount of coils compared to the industry standard for greater sensitivity to body contours. T-Spring Side Supports are installed around the perimeter of the spring system to provide edge firmness and support.
- Our skilled craftsmen hand layer the organic staple cotton padding on each side of the innerspring unit to ensure a consistent, supportive sleeping surface. No polyurethane foam padding is in the mattress, so you have lasting support for your body and a healthier sleeping environment.
- The layers of organic cotton padding are supported by our heavy duty, 10oz. 100% organic cotton canvas fabric to prevent the cotton from pocketing into the coils. In comparison, many brands of mattresses use an under carpet like support pad that is comprised of ground up scraps of various synthetic materials that are hot glued to a nylon webbed backing.
- Additional layers of all natural latex are added above the organic cotton padding for added comfort and cushioning.
- We inner hand tuft by hand the old fashioned way without buttons to further pre-compress the organic cotton padding for orthopedic back support.
- The mattress is covered in our luxurious 100% organic cotton ticking woven in Germany, which ventilates body heat, is free of chemicals, and has a sateen smooth feel, rather than a canvas like feel.
- Comprising the pillowtop portions of the mattress, the luxurious German woven organic cotton fabric is quilted with layers of our pre-compressed, chemical free French wool to provide a temperature controlling layer, additional comfort, as well as a fire barrier without using chemicals, followed by generous 2½" thick layers of all natural Talalay latex for pressure point relief and plush "cloud like" comfort.

FRANCENA NATURAL ORGANIC LATEX QUILT-TOP MATTRESS

M-RP-024

For a softer, non innerspring construction mattress, our **Natural Organic Latex Quilt-Top Mattress** provides motionless comfort and independent support for varying body weights. The mattress comes standard with our one-zone all natural latex core, or can be upgraded to our 7-Zone blend, or 7-Zone all natural latex core containing 16.5% more thickness in latex and the ergonomically designed 7-Zone technology for enhanced shoulder and hip flexibility with correct support for the lower back. The mattress is quilted on the surface with layers of our chemical free French wool to provide an all natural fire barrier, and ventilation of body heat.

While this mattress is quite excellent on our organic box springs, **it is also the mattress of choice for platform beds**. Even on a firm platform surface, the inherent flexibility of the latex allows the mattress to contour to the body's natural curves.

- The mattress features our 1-Zone all natural Talalay latex core as standard. Or can be upgraded to our 7-Zone blend, or 7-Zone all natural latex core, which design was based upon sleep studies at the Kirshgartenclinic in Basel, Switzerland by Swiss researcher and sleep specialist, Dr. Dietrich Scheider-Helmert. The 7-Zone design was found to provide optimal sleeping comfort and ergonomic support to all parts of the body.
- The all natural latex core is contained in our soft and breathable, 100% organic cotton covering that is quilted with layers of chemical free, French wool .

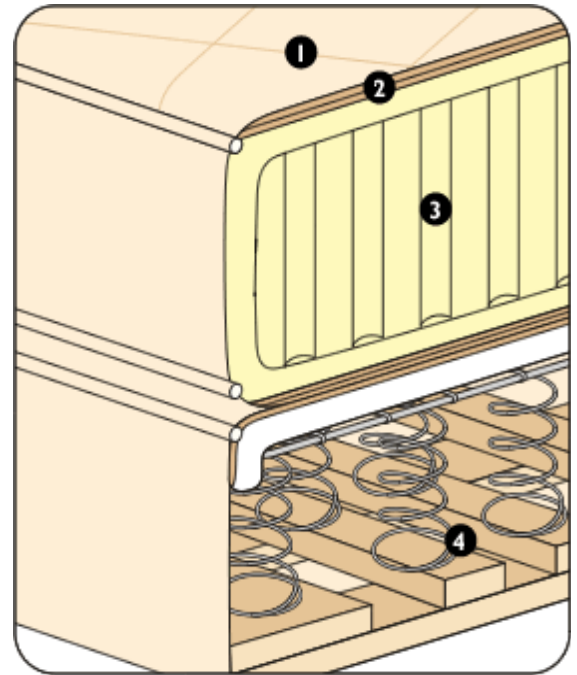

(CRANIUM) CUSTOM MATTRESS COLLECTIONS

MATTRESS HEIGHTS

Mattress comes standard in a 7" Thickness but can be upgraded to the 7 Zone blend all natural latex core which adds an additional 1" of thickness. The overall height comes to about 22" – 23" high when the mattress sits on a 7¼" thick box spring and 7" metal frame.

MATTRESS AND BOX SPRING CUTAWAY DESCRIPTION

1. 100% Organic cotton ticking woven in the U.S. and Peru ventilates body heat and is free of chemical treatments.
2. Chemical free, French wool layers are quilted to both sides of the mattress. The French wool provides a natural fire barrier, wicks away moisture, is dust mite resistant, and provides an even surface climate for dissipation of body heat.
3. As standard, contains a single zone, all natural 6" thick Talalay latex mattress core. Optionally available as an upgrade is our 7" thick, ergonomically designed, 7-Zone blend, or 7-Zone all natural Talalay latex mattress core, which combine shoulder and hip flexibility for pressure point relief and comfort with firmer support for the lower back.
4. H-2 Box Spring provides firm, yet flexible support for comfort and longevity. The box spring is covered in the organic cotton fabric, and padded with layering of organic cotton padding and our chemical free, French Wool. Optional, Royal-Pedic Double Diamond Box Spring (as shown in the illustration) is available as an upgrade.

LUIA ORGANIC COTTON MATTRESS

M-WL-029

GENERAL SPECIFICATIONS:

- **Firmness:** Firm, Supportive
- **Depth:** 6" , 7" , 8" or 9"
- **Not flame retardant!**
- This is the classic WL Organic All Cotton mattress--**made entirely with certified organic materials.**
- Handcrafted style of Natural Bedding since 1981
- This mattress is firm and supportive.
- We recommend this mattress to be used with: platform beds, box-springs, or on a bi-fold or tri-fold futon frame.
- This 100% Organic cotton mattress offers a healthy night's sleep at an affordable price.
- All our chemical free products are handcrafted separately from our non-organic products, in a room that is properly cleansed twice a month to make sure that no other fibers contact your organic products.
- **Flame retardant:** none.
- ***You will need to send us a Doctor's Prescription to get this mattress.***
- The note must say something to the effect of: "My patient requires a chemical free mattress."

CAMILA ORGANIC COTTON + FOAM MATTRESS

M-WL-030

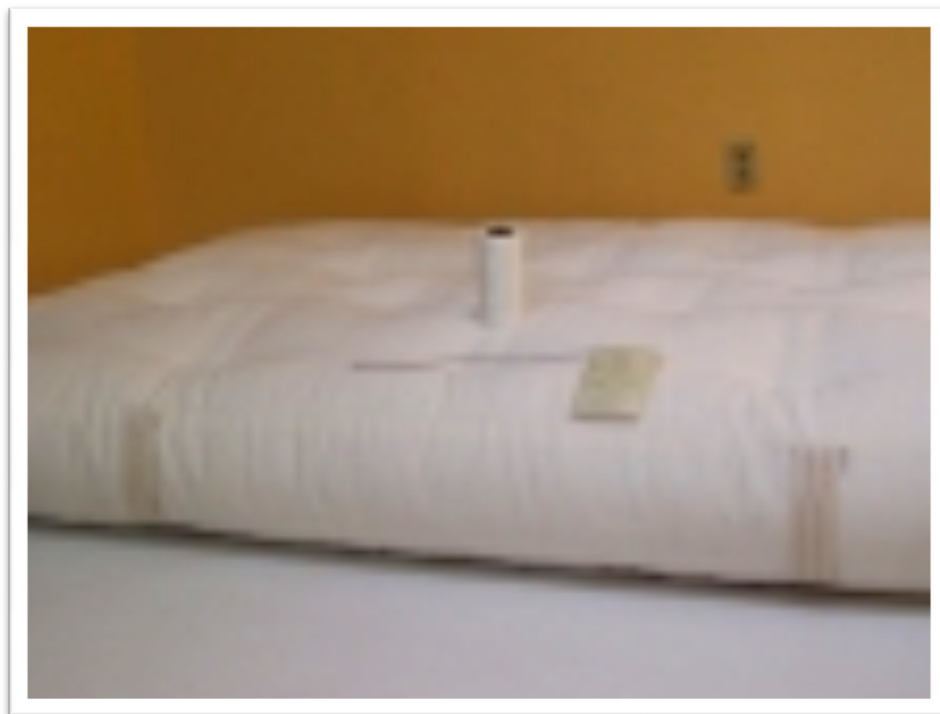

GENERAL SPECIFICATIONS:

- **Firmness:** Soft
- **Depth:** 6" , 7" , 8" or 9"
- **Flame Retardant:** None
- A two inch piece of high density Ultracel foam serves as this Organic Mattress' core, adding resiliency and shape.
- Ultracel Foam is water based and does not off gas.
- Made with 100% Organic Cotton.
- This mattress is softer and more responsive than the **Luisa All Cotton Mattress**.
- We recommend this mattress to be used with: platform beds, box-springs, or on a bi-fold or tri-fold futon frame.
- ***You will need to send us a Doctor's Prescription to get this mattress.***
- After you purchase this mattress, you will need to fax, mail, or email a copy of a prescription from your medical doctor before we can ship the mattress to you.
 - The note must say something to the effect of: "My patient requires a chemical free mattress."

ADORA ORGANIC COTTON + WOOL MATTRESS

M-WL-031

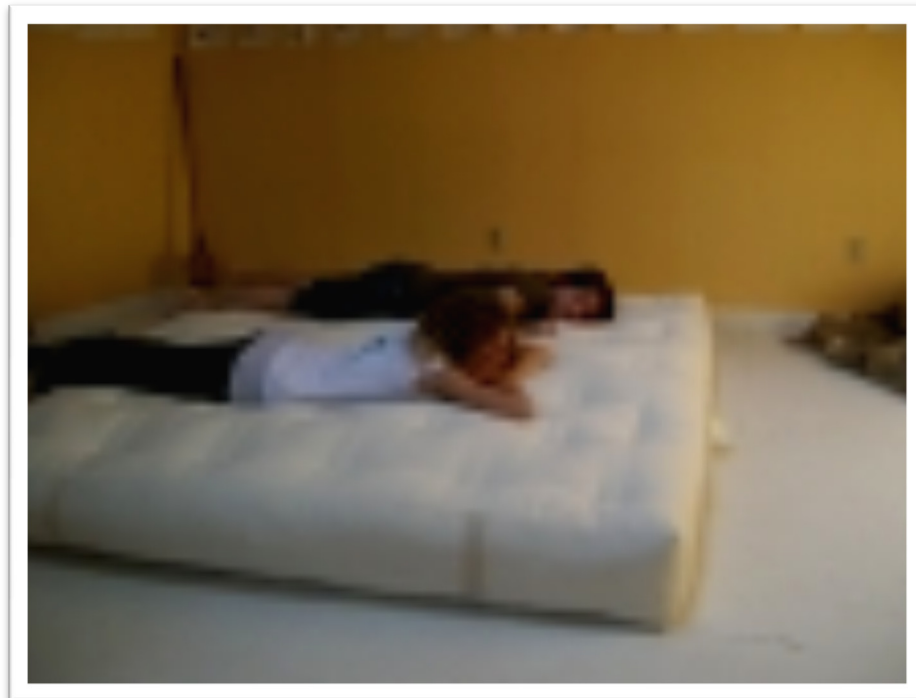

GENERAL SPECIFICATIONS:

- **Firmness:** Soft
- **Depth:** 6" , 7" , 8" or 9"
- **Flame retardant:** Virgin Lamb's Wool
- The mattress is made by wrapping about 1.5" of New Zealand Virgin Lamb's Wool around a 4.5" organic cotton layer core and is encased in an all cotton casing.
- The Cotton + Wool Mattress is a WL Organics original mattress.
- The Organic Cotton is grown, processed, and harvested organically--a process that is certified by the USTA.
- The wool wrap acts as a:
 - Natural Dust Mite repellent
 - Body temperature regulator: the wool wicks away moisture during hot months and keeps your body warm during cold months.
- We recommend this mattress to be used with: platform beds, box-springs, or on a bi-fold or tri-fold frame.
- Softer than our **Luisa Organic Cotton Mattress** because of the wool wrap. The organic cotton provides a firm core of support and the wool provides a soft contact point.

MATTRESS AVAILABLE IN:

GENERAL SPECIFICATIONS:

- **Firmness:** Medium-Firm Core, Soft Contact Point
- **Depth:** 6" , 7" , 8" or 9"
- **Flame retardant:** Virgin Lamb's Wool
- The mattress is comprised of:
 - A 2" piece of Ultracel High Density Foam at the center.
 - An Organic Cotton core made up of Organic Cotton layers placed above and below the Ultracel Foam.
 - A Wrapping of about 1.5" New Zealand Virgin Lamb's Wool around the cotton and foam core.
- The Organic Cotton + Wool Foam Mattress is a WL Organics original mattress.
- The Organic Cotton is grown, processed, and harvested organically--a process that is certified by the USTA.
- The wool wrap acts as a:
 - Natural Dust Mite repellent.
 - Body temperature regulator: the wool wicks away moisture during hot months and keeps your body warm during cold months.
- Softer than our **Adora Organic Cotton and Wool Mattress** because of the foam.
- The Organic Cotton and Ultracel Foam provide a medium-firm core of support
- Wool provides a soft contact point
- We recommend this mattress to be used with: platform beds, box-springs, or on a bi-fold or tri-fold frame.

GENERAL SPECIFICATIONS:

- **Firmness:** Medium Firm Core, Soft Contact
- **Depth:** 6" , 7" , 8" or 9"
- **Flame retardant:** Virgin Lamb Wool
- The mattress is comprised of:
 - A 3" piece of natural Talalay Latex.
 - An Organic Cotton core made up of Organic Cotton layers placed above and below the Talalay Latex.
 - A wrapping of about 1.5" New Zealand Virgin Lamb's wool around the Organic Cotton and Latex core.
- The Organic Cotton + Wool Latex Mattress is a WL Organics original mattress.
- The Organic Cotton is grown, processed, and harvested organically--a process that is certified by the USTA.
- The wool wrap acts as a:
 - Natural Dust Mite repellent.
 - Body temperature regulator: the wool wicks away moisture during hot months and keeps your body warm during cold months.
- Softer than our **Adora Organic Cotton and Wool Mattress** because of the Latex.
- The Organic Cotton and Latex provide a medium-firm core of support
- Wool provides a soft contact point
- The Latex increases the responsiveness of this mattress.
- We recommend this mattress to be used with: platform beds, box-springs, or on a bi-fold frame.

TATIANA ORGANIC COTTON BOULDER FIRM MATTRESS

M-WL-035

GENERAL SPECIFICATIONS:

- **Firmness:** Firm, Flat, Supportive
- **Depth:** 6" , 7" , 8" or 9"
- **Flame retardant:** None
- Made of 100% Organic Cotton
- It contains about 15% more cotton and twice as many tufts than our **Luisa Organic Cotton Mattress**
- This mattress is the firmest mattress we make. The surface is flat, firm, and very supportive.
- **The Boulder Cotton is hand made in the same style as the firm mattresses that have been made for centuries in India and Japan.**
- We recommend this mattress to be used with: platform beds or box-springs. Not recommended to be used with bi-fold or tri-fold frames.
- **You will need to send us a Doctor's Prescription to get this mattress.**

RAQUEL ORGANIC COTTON + WOOL BOULDER FIRM MATTRESS

M-WL-036

GENERAL SPECIFICATIONS:

- **Firmness:** Firm, Flat, Supportive
- **Depth:** 6" , 7" , 8" or 9"
- **Flame retardant:** **Virgin Lamb Wool**
- Made of 100% Organic Cotton and Virgin Lamb's Wool
- It contains about 15% more cotton and twice as many tufts than our standard **Adora Organic Cotton and Wool Mattress**
- The wool wrap acts as a:
 - Natural Dust Mite repellent
 - Body temperature regulator: the wool wicks away moisture during hot months and keeps your body warm during cold months.
- The surface is flat, firm, and very supportive (Not as Firm as Tatiana Boulder Mattress)
- The mattress is made by wrapping New Zealand Virgin Lamb's Wool around an organic cotton layer core and is encased in an all cotton casing.
- The Virgin Lamb Wool wrap provides a slight layer of cushion around the outside of the mattress. The dense cotton core provides the very firm base.
- **Our Boulder style mattresses are handmade in the same style as the firm mattresses that have been made for centuries in India and Japan.**
- We recommend this mattress to be used with: platform beds or box-springs. Not recommended to be used with bi-fold or tri-fold frames

CAPUCINE PILLOWTOP TOPPERS

MT-RP-007

CAPUCINE III PILLOWTOP TOPPERS

MT-RP-007-2

(3" Thick)

CAPUCINE IV PILLOWTOP TOPPERS

MT-RP-007-4

(4" Thick)

CAPUCINE V PILLOWTOP TOPPERS

MT-RP-007-5

(5" Thick)

The pillowtop toppers provide extra cushioning, luxurious comfort, and additional pressure point relief to hips and shoulders for the ultimate in rest and relaxation. The pillowtop topper lays right on top of the mattress. Then the mattress topper and fitted sheet go over both the pillowtop topper and the mattress itself holding the topper in place. In addition, the pillowtop toppers are quite substantial in weight, and the mattress and pillowtop topper coverings are cotton on cotton, rather than a slippery polyester fabric. The pillowtop topper will not slip around.

We recommend any of the three thicknesses of pillowtop toppers on the All Cotton Mattress. The 3" topper has less latex cushioning, and you are closer to the firmness of the mattress. Therefore, it will feel plush and comfortable, but firmer in comparison to the 4" or 5" thick topper versions. Most people with bad backs do best on the All Cotton Mattress with a 3" Pillowtop Topper. It provides enough cushioning for comfort while maintaining excellent overall support.

The firmness rating of the All Cotton Mattress with the 3" Pillowtop Topper is #3 in firmness, which is right in the middle (supportive, yet not too firm - right in the middle). While the firmness rating of the All Cotton Mattress with either the 4" and 5" Pillowtop Topper versions are considered #4 in firmness, with the 4" thick pillowtop topper being a bit plusher feeling than the 5" thick version.

MATTRESS TOPPERS AVAILABLE IN: Standard and Round Bed Sizes (Refer to Mattress Buyers Guide for sizes)

(CRANIUM) MATTRESS TOPPER COLLECTIONS

CAPUCINE III PILLOWTOP TOPPERS

3" Thick

Add a soft plush feeling while maintaining mattress firmness. A great choice for those who want maximum support combined with luxurious comfort.

CAPUCINE IV PILLOWTOP TOPPERS

4" Thick

Our most plush of the three topper options, contains twice as much latex as our 3" version, and provides an even softer, more cushioned feel than the 5" version because the 5" thickness requires firmer latex to maintain proper buoyancy for ergonomic support.

CAPUCINE V PILLOWTOP TOPPERS

5" Thick

Contains nearly three-times the natural latex of our standard 3" Pillowtop Topper, providing extra cushioning, and pressure point relief - you deserve to be this pampered.

All of the Pillowtop Toppers are crafted with layering of untreated French wool, followed by hypoallergenic Comfort Fill 7 for added plushness, and a layer of natural latex for pressure point relief, and encased in our 100% Belgian cotton fabric covering for breathability.

ORGANIC MATTRESS TOPPERS

(CRANIUM) ORGANIC MATTRESS TOPPER COLLECTION

GEORGITTE II PREMIER ORGANIC PILLOWTOP TOPPER

2" Thick

A great choice for those that want maximum mattress firmness with a bit of added surface plushness. Chemical free, French wool layers are quilted to our luxurious German woven organic cotton fabric on the top surface of the knife edge construction pillowtop topper, followed by a 1 ½" layer of all natural latex for added cushioning.

The 2" pillowtop topper provides a firmness rating of 2, when combined with a version of our Organic Cotton Mattress.

GEORGITTE III PREMIER ORGANIC PILLOWTOP TOPPER

3" Thick

GEORGITTE IV PREMIER ORGANIC PILLOWTOP TOPPER

4" Thick

The 3", and 4" and organic pillowtop toppers feature boxed edge construction, and chemical free, French wool quilting on both sides of the pillowtop topper, so you can flip the topper over and use the other side, rather than just use the one side. Contains more all natural latex layering than the 2" version, providing extra softness and pressure point relief.

The 3", 4", and 5" pillowtop toppers provide a firmness rating of 3, and 4, based on corresponding topper thickness when combined with a version of our Organic Cotton Mattress.

ADVANTAGES OF THE SEPARATE PILLOWTOP TOPPER OVER TOPPER SEWN ON BOTH SIDES OF THE MATTRESS:

1. Fitted sheets pull on easier.
2. Removing the topper when rotating the mattress means less weight to handle.
3. Closer to normal bed height.
4. Enhances life span of underlying mattress.

(CRANIUM) ORGANIC MATTRESS TOPPER COLLECTION

FELIPA 100% ORGANIC COTTON MT-WL-012

Made with a 100% Organic Cotton Sateen Case and the inside is 100% Organic Cotton.

GENERAL SPECIFICATIONS:

- **Firmness:** Soft – Medium
- **Thickness:** 1 ½" or 2 ½"
- 3 Layers of Organic Cotton Inside
- 100% Organic Sateen Case

A (CRANIUM) Furniture topper is made to lie under your fitted sheet, it can be used on top of any mattress and to replace a pillow top. This comfy addition to your nest is 1 1/2 inch thick made up of 3 layers of organic cotton inside and a 100% organic cotton sateen case. It is **also available** in double the thickness. Wonderfully easy to air out and better than a feather bed any day...or night!

(CRANIUM) ORGANIC MATTRESS TOPPER COLLECTION

EMELINA WOOL TOPPER W/ ORGANIC SATEEN CASE MT-WL-013

This Wool Topper's outer layer is made from **100% Organic Cotton Sateen Fabric**.

GENERAL SPECIFICATIONS:

- **Firmness:** Soft – Medium
- **Thickness:** 1 ½" or 2 ½"
- 3 Layers of Fluffy Wool Inside
- 100% Organic Sateen Case
- Naturally Resistant to Fire, Mold, Mildew and Dust Mites!

This topper is made to lie under your fitted sheet, it can be used on top of any mattress and to replace a pillow top. This comfy addition to your nest is 1 1/2 inch thick made up of 3 layers of fluffy wool inside a 100% cotton case. It is **also available** in double the thickness. Wonderfully easy to air out and better than a feather bed any day...or night!

Wool is a natural temperature regulator fiber with the ability to wick away moisture from the body and especially the head, where large quantities of moisture are produced, even when you are asleep. Wool is a wonderful insulator, keeping you cool in the summer and warm in the winter without overheating. Another great property of wool is that it is **naturally resistant to fire, mold, mildew, and dust mites**. Because of all their amazing properties, we believe wool pillows to be far superior to down or any synthetic fiber.

(CRANIUM) ORGANIC MATTRESS TOPPER COLLECTION

MATTRESS BOX SPRINGS

All (CRANIUM) Furniture box springs are custom made by hand in the U.S.A. If you don't see what you want [TELL US](#) and we can make it for you! Please note that pricing can change without notice. Due to the nature of the customization of our box springs, we do not accept returns or exchanges. Please refer to our return policy online at www.craniumfurniture.com for more information.

(CRANIUM) CUSTOM BOX SPRINGS

DOUBLE DIAMOND BOX SPRING

BS-RP-001

One of the finest Standard Mattress Box Springs available. We provide 22% more coils than is standard for extra support and durability, and have 50% more coils located in the center-third of the box spring to support the body better (over 60% of our body weight is located in our torso area).

The thickness of our coil wire is an extra heavy duty 8 3/4 gauge compared to the standard 9 1/2 - 10 gauge wire. Even our box spring contains a layer of staple cotton padding for added support for the underside of the mattress. Brass corner guards are installed on all corners, rather than the plastic ones that break off easily, and heavy duty cotton fabric is used on the underside of the box spring, instead of the thin synthetic sheeting that commonly droops and frays easily. You will only get the best with our Royalux Collections!

(CRANIUM) CUSTOM BOX SPRINGS

NATURAL ORGANIC BOX SPRING

WITH WOOL WRAP

BS-RP-002

One of the finest Natural Organic Standard Mattress Box Springs available. The Natural Organic Box Spring with Wool Wrap comes standard with the H-2 box spring unit for firm, yet flexible support. As an upgrade option, the Double Diamond Box Spring is available.

Even our box spring contains a layer of organic staple cotton padding for added support for the underside of the mattress, as well as layering of our French wool to provide a natural fire barrier. Brass corner guards are installed on all corners, rather than the plastic ones that break off easily, and heavy duty organic cotton fabric is used on the underside of the box spring, instead of the thin synthetic sheeting that commonly droops and frays easily.

PILLOWS

(CRANIUM) CUSTOM PILLOWS

100% ORGANIC COTTON PILLOW

PLW-RP-001

Our **Organic Cotton Pillows** are made without any chemical or fire retardant treatments, and provide lasting comfort and support. The cotton is grown organically, without the use of pesticides or chemical fertilization, and converted into generous layers of 100% organic cotton, which are surrounded by soft and supple, 100% organic cotton outer fabric.

Our Organic Cotton Pillows are made with the same dedication to excellence in craftsmanship as our organic mattresses. Since 1946, our mission is to provide our customers with a healthful, hypo-allergenic sleep environment.

- Bamboo is naturally antibacterial and hypoallergenic.
- Its natural properties make it non-irritating to your skin and hence making it a very pleasant alternative if you have sensitive skin.
- Bamboo will make your pillows feel cool, breathable and luxurious, not needing to flip your pillow.
- Bamboo has micro gaps and micro holes which make the pillow ticking absorb moisture and wick it away from the body.
- Bamboo is a naturally organic crop that grows quickly without pesticides, fertilizers, or interference from animals and pests.
- Fibers and yarns derived from bamboo are 100% biodegradable
- **We use only the most unique and down-like feeling man-made fiber filling.**
- 50% pre-consumer recycled material in the filling further reduces environmental impact.
- Completely washable, time after time.
- Superior guarantee against pillows ever losing their loft when properly cared for.

(CRANIUM) CUSTOM PILLOWS

CALMANTE BODY PILLOW

PLW-AT-013

How many times do you wake up to reposition your pillow? How many times do you search for a cool pillow in the middle of the night in order to help you fall back asleep? The Calmante Body Pillow with its cooling system directly in the pillow allows you a consistent even temperature to help you fall asleep and stay asleep! If you have problems with always being cold, simply turn the temperature up and the unit will heat the pillow to desired temperature to sooth aching muscles and joints.

Many people suffer from conditions such as menopause, insomnia, stress, pms, pregnancy and shift work that make them chronically too hot or too cold and prevent them from sleeping well. They do not get enough sleep and may make their spouses or partners as miserable as they are.

The Calmante Body Pillow represents the culmination of years of research regarding temperature control and good sleep. Millions of people suffer the terrible effects from lack of sleep due to temperature control problems. While there are many products that purport to address this problem we tested many of them and found them inadequate for differing reasons. Considering how big a problem this was for many people, we made it a priority to develop a product that would help people suffering from this problem. The system has two parts, the Calmante Control Unit and a heat transferring pillow. The Control Unit cools (or warms) water that flows through the pillow. It comes with a quiet fan and can be placed at the food of your bed or on a nearby table. A convenient remote control allows you to control the temperature one degree at a time from the comfort of your bed.

Stay cool on those hot summer nights and be warm on those cold blustery days!

The Calmante Body Pillows comes with a Calmante Control unit and remote along with a Calmante Body Pillow with a zippered white cotton antimicrobial cover. The Calmante Body pillow and zippered cover are completely machine washable.

Denim or Bamboo covers are also available.

(CRANIUM) CUSTOM PILLOWS

Neck Pillow assists in alleviating aches and pains. These pillows are hypo-allergenic and anti-microbial and can be washed.

(CRANIUM) CUSTOM PILLOWS

ORGANIC PILLOWS

GREEN US GROWN COTTON WITHOUT FIRE RETARDANT

The cotton we use to make our standard mattresses is known as "green" cotton. This means that once it is harvested from the bolls it is unprocessed - no bleaches, dyes or fungicides. This cotton makes good pillows and mattresses. We have good wholesale cotton prices. Our green cotton comes in layers cut to size of crib, twin, double/full, queen or king mattresses. We also have smaller pieces good for making pillows and cushions. Samples are available.

Green cotton comes from conventionally grown U.S. cotton that is not bleached or processed. The textile industry leaves some pieces of the cotton fiber behind that cannot be used to make t-shirts, fabrics, etc. This leftover cotton fiber would have ended up in a landfill, until some smart folks discovered that by garneting this extra cotton fiber, they would create cotton batting, which is now used in our mattresses, pillows and other bedding. This is why we call it GREEN COTTON, it is an up-cycled fiber and this is something we can all feel good about. In the 30-years of White Lotus Home's existence, we have saved over 2 million pounds of cotton from ending up in a landfill.

The scent that you may experience is due to the fact that while the cotton is harvested, the cotton seeds are broken, therefore releasing cotton seed oil scent, just like what happens with the popcorn seeds. This scent will dissipate with time. If you have ever been in the middle of a cotton field, this scent may be familiar to you.

NOTE:

Because WL Organics does not add perfumes, formaldehyde, or dyes to our natural fibers and materials, some of our items will retain their natural scent. Samples of all of our fibers are available.

CAN I WASH MY WHITE LOTUS HOME PILLOWS?

We recommend spot cleaning or dry clean but for *\$30.00 fee/pillow, we can include zippers in your pillows,* allowing you to re-stuff them or remove some of the fiber to better meet your comfort preference as well as remove all the fibers so that you can wash the case and have a pillow for a long time. Need samples - let us know!!

(CRANIUM) CUSTOM PILLOWS

100% ORGANIC COTTON PILLOWS

PLW-WL-018

Not only are our 100% Organic Cotton Pillows **comfortable**, they are also **socially responsible**. 100% Organic, from the fill to the casing, this is the pillow to have when you prefer more than one.

Cotton makes a firm pillow that works great in conjunction with other pillows. Hand stuffed in the USA to avoid lumping, Organic cotton pillows are soft to the touch and great to snuggle up to. They will not off-gas like petroleum based synthetics so they are perfect for those with chemical sensitivities or allergies. Make more than your bed with these pillows, make a political statement: Support Organic farming and save the earth while you sleep!

NOTE:

Because WL Organics does not add perfumes, formaldehyde, or dyes to our natural fibers and materials, some of our items will retain their natural scent. Samples of all of our fibers are available.

CAN I WASH MY WHITE LOTUS HOME PILLOWS?

We recommend spot cleaning or dry clean but for *\$30.00 fee/pillow*, we can include zippers in your pillows, allowing you to re-stuff them or remove some of the fiber to better meet your comfort preference as well as remove all the fibers so that you can wash the case and have a pillow for a long time. (CRANIUM) CUSTOM PILLOWS

100% ORGANIC BUCKWHEAT PILLOWS

PLW-WL-019

Now you can discover what ancient cultures have known for hundreds of years, and White Lotus has known for a quarter century! Our buckwheat pillows are handmade from 100% Organic Buckwheat hulls and encased in 100% organic cotton.

They have been known to help people achieve a better night's rest by reducing neck pains, lower back aches, and even insomnia caused by discomfort. The secret is inside the pillow: buckwheat hulls conform to your body, evenly distributing the weight that is placed upon it so that you are given maximum support and comfort while allowing air to circulate. Great for resting, or just lying in bed with a good book, our buckwheat pillows will provide you with many nights of sound sleeping.

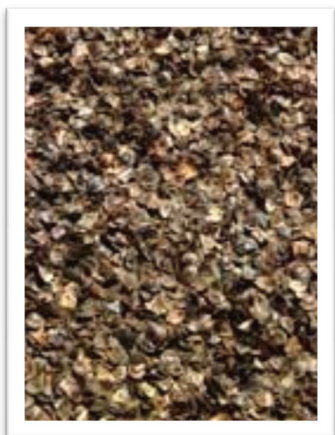

WE ARE CURRENTLY EXPERIENCING A DELAY IN ALL BUCKWHEAT PRODUCT SHIPMENTS. PLEASE NOTE ALL PILLOWS MAY TAKE UP TO 5-6 WEEKS TO SHIP AFTER THE TIME OF YOUR ORDER.

NOTE:

Because WL Organics does not add perfumes, formaldehyde, or dyes to our natural fibers and materials, some of our items will retain their natural scent. Samples of all of our fibers are available.

ORGANIC CASE KAPOK PILLOWS

PLW-WL-022

Our kapok pillows are now made with 100% organic casing and the kapok is harvested in the rainforest, protecting the life ways and ecosystems of indigenous people, and hand-stuffed in the USA to make the most eco-friendly pillows on the market. Kapok, a fiber extracted from the seed pod of the kapok tree, provides the baby soft touch and comfort of down, while offering a natural alternative to the cruelty involved in extracting feathers from our winged friends. Kapok pillows mold for your support and pleasure. White Lotus Home believes kapok makes the best pillows in the world. This is why the massage and yoga industry always prefers kapok in their products.

White Lotus Home handcrafted organic pillows are made with the finest ingredients on Earth. We know that everyone is unique, this is why we offer a variety of organic pillows in different shapes, sizes, materials and comfort levels.

WHAT IS 7-ZONE NATURAL LATEX IN THE ROYALUX COLLECTION?

The 7-Zone Natural Latex Core

On which mattress would you rather sleep?

Soft mattresses cause the spine to sag into a hammock-like position.

Hard mattresses force the spine into an unnatural curved position.

The 7-Zone Natural Latex Mattress supports the spine in a natural, comfortable position.

(CRANIUM) MATTRESS BUYERS GUIDE

- **SEVEN FIRMNESS ZONES**

- Ergonomically designed for correct support and uncompromising comfort.
- Softer upper back and pelvic areas offer pressure point relief and spinal alignment.
- Firmer lumbar area supports spine to relieve tension and lower back pain.

- **PRESSURE RELAXATION CHANNELS™**

- Provides flexibility, pressure point relief and spinal alignment when side sleeping.

- **SPECIAL "PIN CORE" CONSTRUCTION**

- Enables ventilation of body heat.

- **NATURAL LATEX CORE HARVESTED FROM THE RUBBER TREE**

- Hypoallergenic, hygienic, anti-bacterial and dust mite resistant.

- **NO MATTRESS SPRINGS**

- Motionless comfort for side-by-side sleepers.

- **RETAINS FIRMNESS LEVELS REGARDLESS OF ROOM TEMPERATURE**

- unlike temperature sensitive foam mattresses
- Reliable support and softness; mattress conforms to body contour immediately.

- **INDEPENDENT SUPPORT FOR TWO PEOPLE OF VARYING WEIGHTS**

- Maintains a level sleeping surface and less roll-together feel.

- **SYMMETRICALLY DESIGNED**

- Zones are consistent when mattress is rotated head to foot or top to bottom.

- **DESIGNED FOR ALL HEIGHTS**

- The length of a person's torso, regardless of their height, is very similar; height is generally determined by the length of the legs.

(CRANIUM) MATTRESS BUYERS GUIDE

WHY CHOOSE A LATEX MATTRESS?

Latex mattresses allow you to stretch your body across a buoyant surface that supports lighter and heavier parts equally. The unilateral support allows you stay in one position for longer periods without feeling the need to move. When you do roll over, motion isn't reciprocated across the sleep surface to your partner. In fact, the bounce-factor on a latex and/or foam mattress is almost non-existent, which also eliminates the kids jumping on the beds.

Latex cradles your entire body, supporting hips, joints and back equally. A too-firm mattress can exasperate many problems and lead to other health problems. Do you suffer from chronic pain?

- Back pain (upper/lower)
- Shoulder or neck stress
- Pinched nerves
- Whiplash
- Cervical Spondylosis (neck arthritis)
- Muscle strain or injury
- Cervical Kyphosis (neck pain)
- Scoliosis (S-shaped spine)
- Kyphosis (rounding of the upper spine)
- Spondylolisthesis (shooting pain in the legs)
- Spinal Stenosis (narrowing of the spine)

Spring and coil mattresses lose the ability to support quickly (more than 10% in the first year alone), but latex and foam mattresses can retain their shape for upwards of 20 years.

(CRANIUM) MATTRESS BUYERS GUIDE

WHAT IS THE ROYALEX INNERSPRING SYSTEM?

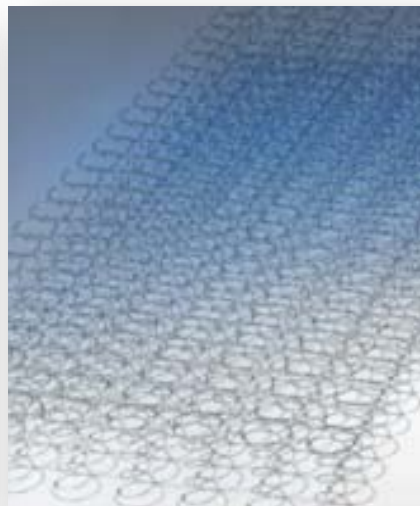

Engineered in Switzerland, the Royal-Flex innerspring unit is the finest offset coil spring system available, with 85% more coils than is standard. These open ended, unknotted six turn coils are more flexible, which means greater sensitivity to body contours, overall body support and minimum friction. The innerspring unit is double heat tempered, a process where the coils are baked in an oven, cooled, then baked again. The heat tempering process provides greater durability and resistance to sag.

WHAT IS THE BONNELL INNERSPRING SYSTEM?

The Bonnell innerspring is a proven classic among innersprings. Its individual springs are arranged in rows and connected with circular spirals. The characteristic feature of the springs is the waist. The center diameter is smaller than the diameter of the end rings.

Not only does the Bonnell innerspring stand out for its enormous versatility, it also features the best price-performance ratio of all known core systems. This means, it is an innerspring for almost every purpose. No wonder it has the highest market share. A standard Bonnell contains approx. 200 springs in a mattress with the dimensions 100 x 200 cm. With our modern machinery, we can produce custom combinations with up to 400 springs or even more.

(CRANIUM) MATTRESS BUYERS GUIDE

WHAT MATERIALS ARE USED IN THE ROYALUX COLLECTIONS?

The Finest Long Staple Cotton Grown in California and Texas

The cotton padding we use is of the highest grade, normally only used in custom made, high-end upholstered furniture. Using the longer cotton fibers blended together to make layers for the mattresses insures there will be a consistent, supportive sleeping surface so you won't get lumps. In addition, we offer an organic option -- the purest organic cotton available in the world.

Natural Latex from Sustainable Rubber Tree Plantations in Indonesia and Malaysia

Our latex is harvested by tapping into the rubber tree in much the same way as maple syrup from a maple tree. All natural latex liquid is harvested and undergoes four rinsing processes to eliminate rubber odors. The all-natural latex cores are produced in accordance with the strict Oeko-Tek European environmental standards. Latex is dust-mite repellent, hypoallergenic, and anti-bacterial.

Untreated Lamb's Wool from France

The lamb's wool provides a comforting natural fiber layer quilted underneath the cotton mattress covering. The lamb's wool contains lanolin -- a natural dust-mite repellent. The sheep live in wide open spaces, rather than being cooped up in a small space. The wool is cleaned in a soap-based, chemical free solution.

SHIPPING AND HANDLING

At **(CRANIUM) FURNITURE**, our goal is to deliver your purchase in the quickest and most economical way possible. We review each order individually, factoring in destination, weight, and size of items. Exact shipping charges are calculated at the time of purchase or by calling **1-866-508-8899**.

1. Cranium Furniture will not ship to a P.O. Box address
2. Cranium Furniture will not ship to addresses outside of the U.S.
3. A signature is required on all shipments
4. Allow 4 weeks for delivery

WHEN DO MY ITEMS SHIP?

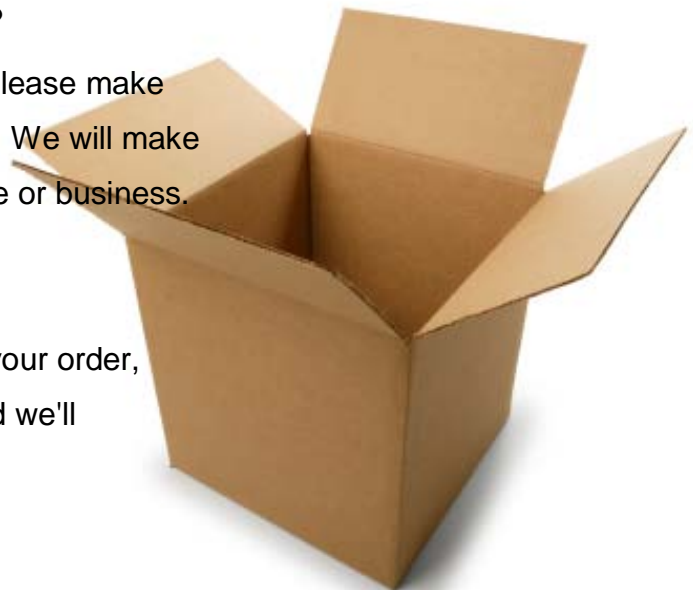

For bedding accessories, these pieces will generally ship out in 7-21 days. Freight shipments will take longer. Custom orders will generally take 4-6 weeks. We will make every effort, humanly possible to keep you "in the loop."

Though our site lists several items, there is still chance that your item may be sold out, discontinued due to its popularity. Another factor you may consider is that due to the amount of orders, there is also a chance that even if item is backordered and due to arrive at a specified time, that this shipment may be pre-sold prior to it coming into the warehouse. So please put your order in the queue to make sure your item comes to you as soon as possible. Please contact us at if you have a special request. In the event that an item is backordered, we will contact you ASAP with an estimated delivery time. We will help!

WILL ALL MY ITEMS COME ON THE SAME SHIPMENT?

Your items will generally be delivered at different times. Please make yourself available for receiving these separate shipments. We will make every reasonable effort to get your shipment at your home or business. Please contact us if you have a special request.

We strive to do our best, however, if there is an error on your order, please accept our apologies, contact us upon receipt, and we'll gladly fix it.

RETURN POLICY

All of our furniture products, bedding accessories and mattresses are custom-made to order. Custom orders are non-refundable / non-cancelable and non-exchangeable since these items are made to order. It is highly recommended that if you are looking for a custom color piece of furniture, please order color swatches prior to placing your order. If you are unsure whether your item is a "custom" color, please contact us. We will help!

If an item is unavailable or out of stock, we will substitute your product with a like replacement.

In the event you cancel your item while en route or if the package is considered "undeliverable" by the freight company at destination, you will be responsible for all shipping and handling cost back to the warehouse. Your credit card will be refunded minus the shipping cost plus a 50% restocking fee once it has been inspected at the warehouse.

In the event that your product arrives damaged from the freight company, you immediately write down any and all "EXCEPTIONS" on the Delivery Receipt. Please do this prior to the carrier leaving. Our freight is insured and you have every right to file a freight claim with the carrier if they did not handle your products properly. If you see visible damage to the cartons or the product, you can choose to (1) keep the product and file a claim (ask for a claim form from the driver), or (2) refuse the product and have it sent back to the manufacturer. It is best to document any problems with a digital camera if possible. If you wish to decline a replacement, a 50% restocking fee will be assessed once the item has been received by the warehouse.

Cranium Furniture has the right to change its return policy at any time.

Legal Notice: Cranium Furniture prices subject to change without notice. All orders are subject to our approval. We are not responsible for typos or errors. The actual product may vary from the photo shown due to occasional changes in manufacturing. In the event a product is listed at an incorrect price due to typographical, photographic. Cranium Furniture shall have the right to refuse or cancel any orders placed for product listed at the incorrect price. Cranium Furniture is located in Elk Grove Village, IL. By purchasing merchandise from Cranium Furniture, the customer agrees that Illinois law will apply to any dispute or claim, and any legal claim for damages and/or injunctive relief must be filed in Lake County, Illinois

We are proud of our Custom Furniture and Accessories Collections which are custom made to order specifications and want you to be perfectly satisfied with your purchase, which include sheets, comforters, bedspreads, mattress pads, pillow cases and pillow shams. Cranium Furniture, Inc. will gladly provide you a merchandise refund within the first 5 days of receipt of your order provided production has not begun. Custom items are non-returnable. Before returning merchandise, please contact Customer Service for a return authorization number, which is required for all returns or email us at sales@craniumfurniture.com. Please include your name, address, phone number, and order ID# in your correspondence, along with your reason for returning the item(s). You will be issued an RA within 48 hours. Your RA must be clearly printed on the outside of returned packages. Cranium Furniture does not refund the original cost of shipping. Any items returned without obtaining an RA will be automatically sent back to the customer at his/her expense which will be charged on payment method used at time of order placement. Sorry, we cannot accept returns or cancellations under any other extenuating circumstances. We do not offer refunds on any furniture products since they are custom colored and produced to your tastes. Any cancellations of your order must be stated in written format within 5 days of your purchase date.

ON THE AIR:

Season 4: Episode 502

EXTREME MAKEOVER: HOME EDITION
AIRED OCTOBER 21, 2007

To get the job done, they're going to have to cooperate with each other — a hard thing to do when they don't always even like each other. Tensions flare as tastes are disputed and the deadline approaches... can they get the job done?

In this episode, the team build a new home for the Carter family, who've been living in a refurbished chicken coop. Check out a clip of our Sercio Round Bed!

TRENDS

The round bed comes full circle

The round bed is bringing a little levity back to the bedroom.

By David A. Keeps, Times Staff Writer
June 7, 2007

In a surprising spin, however, lower-cost stationary versions of this adult novelty bed have also become popular for kids' rooms. After success with local retailers, Chicago-based manufacturer Globber Furniture Inc. offers the **Sercio bed** with a curved, mirror-trimmed headboard and a base illuminated with concealed rope lights. It is priced under \$3,500, including the 7-foot diameter mattress; IKEA's Sultan Sandane, a round mattress on a minimalist frame, is about a quarter of the cost.

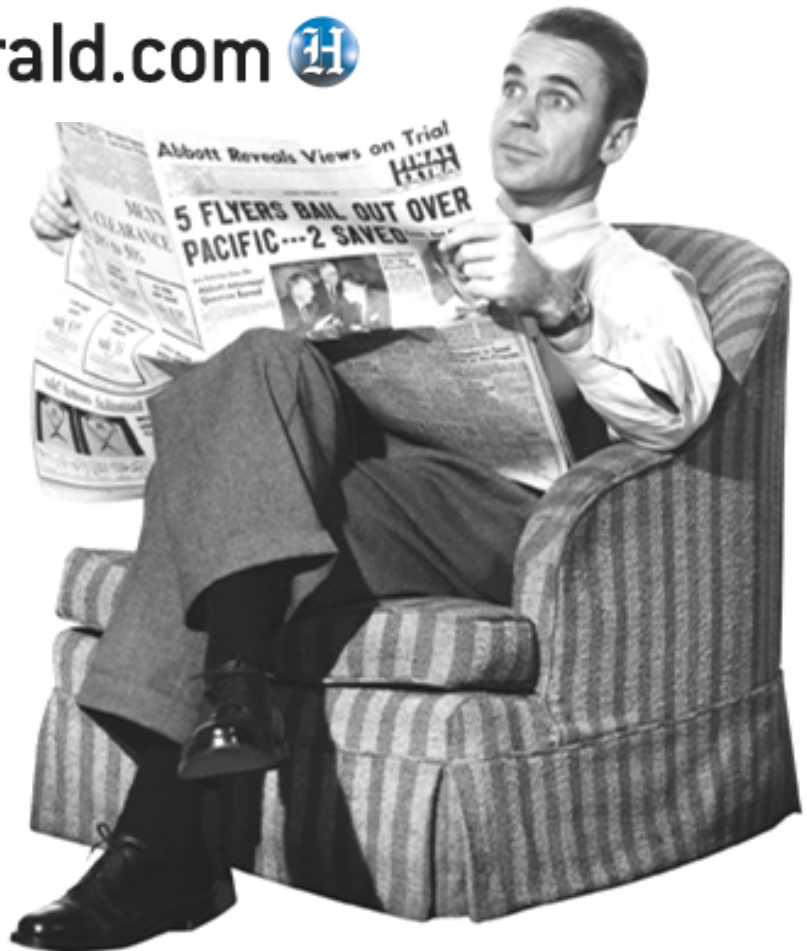

"They're a bit campy, like something you'd see in Katy Keene teen model comic books," interior designer Jackie Terrell says, "but I can see how it would be fun in a teenager's room."
